AROUND THE TOWN

Miss L. Bishop spent the week end in Calgary.

Miss Ruby Weber of Calgary spent the week end visiting her parents.

Mr. W. A. Mueller was a visitor at Calgary during the week end.

Miss Eva Sexsmith was a week end visitor in Calgary.

Mr. J. L. Brown was a business visitor in town last week.

Mr. W. A. Austin returned on Monday from the Coast where he was a business visitor.

Mr. and Mrs. Traub motored to Mayton on Saturday to spend the week end with friends.

Mr. and Mrs. W. C. Liesemer, Arnold and Evelyn, motored to Calgary last week.

Mr. and Mrs. R. P. Crostland and Mr. Merion motored to Calgary last Sunday.

Mr. J. C. Grimson from Edmonton arrived in town last week and has commenced his duties as Government Dairy Inspector at the Crystal Dairy.

A surprise birthday party was given for Miss M. Levagood last week which was well attended and a most enjoyable evening was spent.

Commencing Sunday the 29th, Rev. McNair will hold services in the Westcott church at 11 a. m., Community Hall at 3 p. m., and the regular services in town at 7.30 p. m. as usual, until further notice.

Mr. Harry Levagood was routed out in the wee sma' hours one night last week to pull a car out of the lake on the Westcott road. It seems funny that even a garage man should make a corner and drive into a lake. He must have some speed.

The first League baseball game will be played in Didsbury on Thursday, May 24th, when Inisfaul will come down to do battle. Our boys have a good line up this year and according to their present work out will put up some real lively ball games. Be sure and turn out on the 24th and see this game.

On Tuesday evening, May 22nd, at 7.30 in the basement of the school a meeting will be held to organize The Loyal Temperance Legion. The object of this organization is the education of the boys and girls in the principles of total abstinence from alcoholic liquors, tobacco and profanity, also to teach them kindness to dumb creation. All boys and girls seven to fifteen years old will be very welcome and it is requested the mothers and fathers will encourage them to come.

The local Alberta Government Telephone Office under charge of Mr. J. Boorman is putting on a real classic appearance. A good tennis court has been made on the back grounds, grass planted at the sides and flowers planted in front. On the boulevard the words Alberta Government Telephones have been set with whitewashed rocks and the corner telephone poles painted white with the letters A. G. T. in black on it. This office is one that need take back seat to no other in the province.

Mrs. W. Durrer entertained about fifty children on Monday afternoon in honor of Miss Frances' and Master Frank's birthday. Games were played on the lawn until five thirty. The children were then taken into the house where a dainty lunch was served by Mrs. Durrer and some of the older girls. After supper more games were played, the children returning home at seven o'clock after having spent a most lively and enjoyable afternoon.

A sale of work and home cooking will be held by the Women's Guild of the Church of England, on Saturday, May 19th, commencing at 2 p. m. Tea and ice cream will be served. Any donations will be greatly appreciated.

The usual spring sale of cars has resulted in the purchasing of several new cars in this district among which are reported the following: Dr. Evans, Gray Dorr, Mr. A. Meek, Gray Dorr, Mr. A. G. Studer, Maxwell. Some sales are also being made in second hand cars.

Another big race meet is to be held in Didsbury at the Exhibition grounds on Wednesday, June 20th, 1923. Further advertising and particulars will appear later. This will be one of the main attractions of the summer and every horse owner should start to get his horse in shape for the event, even if it's only a saw horse. There will also be other attractions that day to provide entertainment for all.

Mr. A. W. Axtell has rented a large tract of land to the west of town and alongside the Blind Line, for grazing purposes. He is having it all fenced in, which will mean that the trails cutting across from the Bluff road to the Blind Line will become a thing of the past. These trails have been used ever since the town has been here and were more of a recognized road than the Blind line in earlier times. These are practically the last of the old time trails in town and soon will be only a memory as the surveyed roads have taken the places of the old Indian and settler's trails.

HAMPER—GREEN
The marriage of Mr. R. G. Hamper to Miss M. Green, both of Didsbury, took place at Calgary on Saturday, May 26th. Rev. Kennis of that city performed the marriage ceremony. The couple have returned to Didsbury where they intend to reside.

DISTURBED MENNONITES: FINED
For disturbing public worship in a Mennonite church in Stonyvale district, by calling the sisters of the church foul names and thereby causing the dispersal of the congregation, Abraham Isaac, an adherent of that faith, was fined \$50 and costs by J. Archibald J. P., and in default of payment of the fine was sent to Leithbridge jail with hard labor for 20 days. Constable R. H. Purdy arrested the accused.—Calgary Herald.

MAE MURRAY IN HER LATEST

"PEACOCK ALLEY"
With Mae Murray in the stellar role of "Peacock Alley", which comes to the Didsbury Opera House on May 25 and 26th motion picture fans will have the opportunity to see this beautiful star of stage and screen in one of the most elaborate of productions.

"Peacock Alley" presented by Robert Z. Leonard, is by Edmund G. Goulding based on a story by Guida Bergere and is released by Metro Picture Corporation for Tiffany Productions, Inc. The story of a Parisian dancer who falls in love with a small town American youth and finds her husband's people scandalized when she goes back to his home, resulting in the couple seeking their fortunes in New York, is one which gives Mae Murray unusual opportunity to appear in many gorgeous and artistic costumes among elaborate settings.

FINED FOR STARTING FIRE

Nels Pederson, a settler in the Bergen district, while burning off some land on his homestead on May 7, allowed the fire to get away from him, causing some damage in the district. He was convicted by W. J. Dounlay, J. P., at Sundre, on May 9, on an information laid by Constable J. Jarman, of the provincial police, and fined \$25 and costs. The magistrate directed him until May 15 to pay the fine, owing to the fact that the accused was in straitened circumstances.

ADOPTS ALBERTA SYSTEM

The state of North Dakota has now adopted the system of government reclamation grading which was inaugurated for the first time on the continent in Alberta last year.

POTATO PRODUCTS COMPANY

A company for the development of products of potatoes, has been incorporated in Edmonton at \$50,000. The purpose is to manufacture by-products.

SPECIAL RATE ON COAL

St. Henry Thornton, head of the Canadian National Railway, has announced a special freight rate of \$9 a ton on Alberta coal to Toronto, instead of the present rate of \$12.70, during the summer months. Operators in the province state that this is not sufficiently low enough to put Alberta coal on the Ontario market in competition with the American product. A rate of \$8 has been asked.

AMUSEMENT TAX RECEIPTS

There was a inference of about \$2500 in the receipts of the motion picture branch of the government in 1922 over 1921, according to the annual report of Howard Douglas, in charge of that branch. For the first four months of 1923 a considerable increase in receipts over the same months of last year is noticed. The receipts in 1923 in this branch total \$204,623.61. The receipts from the amusements tax alone amounted to \$183,933.61. The total number of admissions to theatres and entertainments, football matches, etc., during the year in the province was 5,571,173 or an average daily of 15,885. The census of motion pictures condemned 44 features totalling 136 reels during the year. The classification under which these were condemned was as follows: Immoral 13, Lawlessness and murder 8, Grossness 1, Violence 8, Suggestive 8, Trustworthy on religion 2. There were also 419 eliminations made in other films. During the year there was only one appeal from the censor board, and its decision was sustained. There were 20 convictions during the year with a total of 419 in fines.

PROMINENT VISITORS COMING
 Prominent visitors to Alberta during the next few months will include Charles Chaplin, the motion picture comedian, who is to attend the Calgary Stampede, Harold Lloyd, the comedian who is coming next month, and a score or more of prominent writers from the United States who plan on attending the Calgary Stampede and visiting other points of interest in the province. These include Jack Luit of the Hearst publications, Chas. Peters, author of "Lifer" and the "London Sketch," William Stavin McNutt of Colliers, and Heywood Brown of the New York World. It is expected that these visitors will also be on hand for the opening of the Banff-Windermere Highway on June 20th.

35 MILES OF GOLD BRAID
 Enough gold braid and ornamentation to stretch from Hollywood to San Pedro, a distance of about thirty miles, it is said, glittered on the uniforms and costumes of the hundreds of people who take part in the scenes of the new Paramount picture, "The Dictator," in which Wallace Reid stars at the Didsbury Opera House on Thursday evening, May the 21th. Kalla Parba, playing a South American general, Theodore Kosloff, in a handsome uniform as a revolutionary officer, Alan Hale as a lady who wears fancy Spanish garb, several extra generals and lesser officers and a host of soldiers were all emblazoned with fancy braid. It was declared that the city's supply of gold braid, bullion fringe and gimp was nearly exhausted during the filming of this picture.

A few days ago, so the story goes, a rather bashful young lady in Didsbury, went into a store carrying three chickens. She enquired the price of chickens and at the same time put them on the counter. The clerk didn't know the chickens' feet were tied, and asked if they would lay there. She bit her handkerchief and said: "No, sir; they are roosters."

Excelled In Bravery

Yet Nature Lover Was Startled at Ordinary Noise

In Detroit I had breakfast with James Oliver Curwood, the novelist. Curwood is perhaps the greatest lover and student of nature in America. He has made the northwest a mecca land of romance and real adventure. The cry of the wolf-pack is more thrilling in his ears than a high note at the Metropolitan. He has slept with a young arctid and been in many thin places while hunting dangerous wild animals. Still we of the city have our moments of bravery. I noticed Curwood was startled as a waiter brought a dish clatter to the floor, while I did not even so much as bat an eyelash. —New York Correspondent.

Poor Service

She was in a telephone booth and had just put in a toll call. She was bitterly as she pulled down on the hook to attract Central's attention. "Hello!" came Central's clear voice. "Hi—hello," she sobbed. "I want no money back, Harold wouldn't speak to me." —New York Sun.

Household Hints

Valuable Recipes For The Busy Housewife

Cinnamon Buns

$\frac{1}{2}$ cake yeast, $\frac{1}{2}$ teaspoon salt,
 $\frac{1}{2}$ cup lukewarm water, $\frac{1}{2}$ cup melted butter.

$\frac{1}{2}$ tablespoon cinnamon, 4 cups flour,
2 cups hot milk, $\frac{1}{2}$ cup sugar,
 $\frac{1}{2}$ cup softened butter, 2 eggs.
Additional flour for kneading.
1 cup Sun-Maid seedless raisins.

Soften yeast in lukewarm water. Pour milk into mixing bowl and when lukewarm add yeast and mix thoroughly. Stir in flour and beat until smooth. Cover, set in a warm place and allow to rise over night. In the morning add beaten eggs, sugar, salt and melted butter. Turn out on well floured board and knead until smooth and elastic, using as little flour as possible. Moisten top with milk. Cover and allow to stand in a warm place until double in bulk. Turn out on floured board and roll to $\frac{1}{2}$ inch thickness. Cut in 12 equal sized butter with cinnamon and $\frac{1}{2}$ cup of brown sugar. Spread dough with this mixture and sprinkle with raisins. Roll like jelly roll. Cut off in pieces $\frac{1}{2}$ inch long. Cream remainder of softened butter with rest of brown sugar and spread in deep pan. Stand rolls on end in pan and allow to rise again until double in bulk. Bake in moderate oven 20 to 30 minutes. Turn out of pan immediately, before sugar hardens. This makes 18 buns.

Caramel Raisin Apples

$\frac{1}{2}$ cup Sun-Maid seedless raisins, 6 tart apples.

1 cup light brown sugar,
2 tablespoons butter, $\frac{1}{2}$ cup water. Boil, cover and halve the apples, and arrange in a heat safe pan or aluminum frying pan. Cover with the raisins, then sugar; add the butter, oil into bits, add water and stew gently until apples are tender and the butter and sugar have formed a rich caramel. May be served hot or cold, with or without cream, or as an accompaniment to plain boiled rice.

Sentenced to Death,

High Grade Wheat

Ninety-Eight Per Cent. of 1922 Crop Was Merchantable

Returns from elevators, flour millers, railway companies and crop respondents to the Bureau of Statistics show that on March 31, 1922, the quantity of wheat in Canada was 129,788,000 bushels, as compared with 114,580 bushels in 1921. Or, nearly the end of the corn. The total in Canada on March 31, 1922, is estimated at 191,718,000, as compared with 175,510 bushels in 1921.

At the end of March, according to the report of crop correspondents, 14 per cent. of the total wheat crop of 1922 remained in farmers' hands.

Of the total estimated wheat crop of 1922, 122,289,788,000 bushels, 98 per cent. is reported by crop correspondents as having passed on merchantable quality, the proportion representing 289,957,000 bushels, 140 per cent. of 288,218,000 bushels out of 200,878,100 bushels. The proportion of 8 per cent. for 1922 is higher than in any previous year since those reports were instituted in 1909. In Saskatchewan the proportion is even higher than the percentage for all Canada, being 99 per cent.

More than a million children between ten and fifteen years of age are working in the United States, according to the 1920 census. No count was made of those at work under ten.

BABY'S OWN TABLETS ALWAYS IN THE HOME

Once a mother has used Baby's Own Tablets for her little ones she always keeps a supply on hand, for the first relief comes her there is nothing to equal them in keeping children well. The Tablets are a mild but thorough laxative which regulate the bowels and soothe the stomach, thus driving out constipation and indigestion, reducing simple fevers and making bedtime easier. Concerning them, Mrs. Auguste Pelletier, St. Dunas, Que., writes: "I have used Baby's Own Tablets for the past ten years and can never without them in the house. They have always been the greatest satisfaction and I am constantly recommending them to all mothers of little ones." The Tablets are sold by the nearest dealers or direct by mail at 25 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

Not Fair Play

"There's a church-noon," said the country farmer to his paying guest, "not that I ever puts my nose in it." "Anything wrong with the vicar?" "Well, it's this way. I sold the old vicar milk and eggs and butter and cheese, and seeing as he patronized me I patronized him. But this new chap keeps 'is own cows and hens. 'If that's your game,' I thought 'well 'see 'one grown religion too'."

Good Counsel for Hog Breeders

Finished Bacon Hogs Should Weigh Around 200 lbs. at Six Months Of Age

A. A. MacMillan, Chief of the Sheep and Swine Division at Ottawa, gives excellent advice to swine breeders when he says: The profitable hog is the one that keeps growing from birth to finished market weight. Grow the pig out by feeding skin-milk, shorts, alfalfa and roots, or blood or fish meal. Finish the pig when grown on barley, oats and corn. Mature bacon hogs are finished weighing 200 to 210 pounds at six to seven months of age. A few extra dollars invested in the hog will often have a good many bushels of grain when finishing your hogs on market and will get the farmer better prices.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grownups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food, giving healthy and natural sleep. Safety First For Ole

Ole Olson had been working as an engine wiper, and his boss, a thirty man, had been coaching him for promotion to fireman, with such advice as: "Now, Ole, don't waste a drop of oil—it costs money. And don't waste the waste, either—that's getting expensive, too."

With these facts of economy pondered thoroughly into his head, Ole was up to be questioned on his eligibility as fireman. The last question was: "Suppose you are on your engine, on a single track. You go around a curve and see rushing toward you an express. What would you do?" "Said Ole: 'I grab de'nt' oil' an' I grab de'nt' waste—an' I jump, he yinain'!"

Finds Savage Race

A race of aboriginal savages with no alphabet and a language of only five hundred words has been discovered by Warren C. Van Sice in the interior of French Indo-China, according to an announcement made by him on his arrival at Washington from Liverpool.

Asthma Cannot Last when the greatest of all asthma specifics is used. Dr. J. D. Kellogg's Asthma Remedy assuredly deserves this exalted title. It has to its credit thousands of cases which other preparations had failed to handle. It brings help to even the most severe cases and brings the patient to a condition of blessed relief. Surely suffering from asthma is needless when a remedy like this is so easily secured.

May Shortly Announce Agenda Of Forthcoming Imperial Conference

Ottawa.—The agenda of the coming Imperial conference and the economic conference in London were subjects of inquiry in the House by Right Hon. Arthur Meighen, Conservative leader. He asked when the information would be available to the House.

Premier Mackenzie King said he had called a week ago to the British authorities for permission to make the documents public, but had yet received no reply. He would send another cable.

The Premier declared he had himself protested very strongly against having to ask permission to bring down such correspondence in Parliament. He intended, he added, that this procedure should be one of the matters discussed at the coming Imperial conference.

Mr. Meighen denied that it had always been the practice to get permission from the British Government before documents of this kind were laid upon the table. Two years ago he had himself given the House the agenda for the conference of premiers without making any prior inquiry of the British authorities.

Do Not Anticipate Serious Trouble From Grasshopper This Year

Winnipeg.—Entomologists from the United States and the western provinces were in session here, exchanging information on the various forms of experimental and research work carried on in the two countries.

The representatives attending the sessions here do not anticipate any very serious or general outbreak of the grasshopper pest, but do anticipate outbreaks in some districts. No change in tactics for control will be made this year.

Very considerable trouble is anticipated from western stem saw fly, and it was suggested that those who would do spring plowing for wheat in districts where the fly exists next year should plow deep and immediately pack the land.

Horn fly is looked for to give trouble on heavy land, more especially in the north central districts. This is a disease that has hitherto been little known in Western Canada, and detailed descriptions of how to detect it and its methods of operation will be published later.

Fears Japanese Menace

Former Publisher of Vancouver World Warns Canadians

Toronto.—"Unless we do something and do it soon, the boundary between Canada and Asia will cease to be the Pacific Ocean—it will be the Rocky Mountains," said John Nelson, former publisher of the Vancouver World, who addressed the members of the Empire Club on "Oriental Immigration" here.

Mr. Nelson pointed out that the presence of the Orientals in large numbers, even if confined almost entirely to British Columbia, was a menace not only to the west, but to the whole of Canada. The Japanese, numbering about 25,000, constituted the greatest racial problem of British Columbia. Comparatively little difficulty was experienced with the Chinese and Chinese, but most of the Japanese brought their wives along and settled down as permanent residents. While Chinamen were subject to a heavy head tax, Japanese were protected by treaties and were free to enter Canada, he declared.

HAD BAD PAINS IN HER HEART

Nerves Were Very Bad

Mrs. John Case, R. R. No. 1, St. Catharines, Ont., writes:—"I wish to say that I have been bothered very much with heart and nerve troubles with two different doctors, but did not find much relief. I would have still had pain in my heart, of course, I would be almost afraid to move or breathe, and at night I could not sleep. If the pain in my heart were gone, my nerves would be so bad I could not lie still and would only get a little sleep by being tired out. My stomach was also very bad and I could eat but very little, and then only certain things or I would have so much distress which always made my heart worse."

I had been suffering for nearly two years until one day I was talking to our druggist about the way I felt. He advised me to give Milburn's Heart and Nerve Pills a fair trial. I have now taken five boxes and am feeling so much better. I am able to do my own work, and can eat anything I wish. I cannot imagine

Will Hold Corn Show

\$500 in Prizes Offered in First Provincial Show in Saskatchewan

Regina, Ont.—\$500 is offered in prizes in the provincial corn show to be held at Maple Creek, November 13 and 15. There are nine classes, with 20 prizes offered in the principal classes for North Dakota, White Flint, Gelu Yellow Plant and Northwestern Dent, and nine to 15 prizes in the other classes.

Samples of the excellent corn produced in the Maple Creek district were sent to the Ontario Farm Show at Montreal by the field crops branch of the provincial department of agriculture, and in return the samples for judging purposes. The company was so impressed that the management of the department a sign of \$1,250 payable in 10 installments of \$250, for the purpose of promoting the growing of corn in Saskatchewan. The Maple Creek Agricultural Society agreed to enter a similar amount, or more, if necessary, to promote the first provincial corn show.

Labor Party Delegation Makes Report On The Situation In The Ruhr

London.—France is spending millions on the occupation and getting next to nothing out of it; she is using a whole lot of spirit.

This stridently phrased conclusion is contained in the report of the labor party's delegation which went to the Ruhr about the middle of March. To investigate the situation there and in other parts of Germany.

The delegation was composed of Thomas Shaw, Charles H. Burton and William Adamson, all members of the House of Commons.

The report declares that the delegation found a state of war existing in the Ruhr and in other parts of Germany. The report says that the day before yesterday, for the future of such conditions, where the occupation force runs the risk of being "inextricably involved in the common ruin and being itself wiped out."

Admitting incompetencies to express an opinion on the local aspects of the situation, the report proceeds:

"In our judgment, the situation can not adequately be dealt with by machinery under the treaty of Versailles, but requires a new instrument, international in character, in the framing of which the German people should participate."

The report makes no definite recommendations, but suggests that as delay may be fatal, an appeal should be made to the French and German governments to submit their proposals with regard to reparations and security to an international tribunal, and since British interests are more directly involved than those of any other state, except France, Germany and Belgium, that the initiative should be taken by the British Government in the form of a frank and definite statement of British policy, and that no effort should be spared to keep in touch with both sides in order to take advantage of every development calculated to narrow the gap between their conflicting terms and terminate the present deadlock.

Chile Makes Proposal To Limit Armaments

Suggests Acquiring No Ships During Five-Year Treaty

Santiago, Chile.—Chile, before the announced completion of the Pan-American conference made a concrete proposition for limiting Latin-American countries in acquisition of capital ships. The Chilean delegate recommended a five-year treaty, during the terms of which no capital ships would be acquired.

The treaty would expire May 1, 1928, but would be automatically renewed for five years more unless denounced by a signatory nation. Chile also announced that she was ready to enter into agreement to limit land armaments.

The parties will also survey the route of the extension from Berwyn north, west of Peace River.

TELEPHONE POLES SOLD

Over 100,000 worth of the surplus supply of telephone poles which the government has had on hand this last two or three years, has been sold by the Telephone Department. The Department expects to dispose of about \$250,000 worth all told. Surplus of this material will be reserved for construction purposes for the next three years.

C. P. R. MAKE WELCOME CHANGE IN LAND CONTRACTS

Last week E. W. Beatty, K. C., President of the C. P. R. made an announcement of future policy of their land department which will greatly assist farmers who hold their land contracts and make it much easier for them to meet their payments.

The new plan is that the company will take over all land contracts made under the old regulations and re-write them, the indebtedness to be spread over a term of 34 years, the farmer to obtain possession of his land after the 34th payment and no annual payment of interest and principal shall exceed seven per cent of the cost of the farm.

President Beatty in his announcement says in part:

The Canadian Pacific Railway is at all times accurately apprised of the tenor of the national mind because it is itself one of the largest land owners in the west, because, as a national organization, is vitally interested in preserving prosperity throughout the Dominion, and because it knows from past experience that its acts have constituted precedent. It is unfortunately known that in the western provinces, increasing farm costs, together with low prices, obtainable for farm products, have seriously affected those farmers not definitely and firmly established in their operations.

Briefly, the plan is to take the indebtedness of the farmers who have contracts with the company, re-write their contracts, and spread the present indebtedness over a period of 34 years, and upon completion of the thirty-fourth payment receives title to the land; he is assured that no annual payment of interest and principal combined will exceed seven per cent of the cost of the farm. The plan will absorb his total indebtedness in easy payments, allowing him sufficient from profits to provide both the comforts and enjoyments of life for his family.

Under the new Canadian Pacific plan, farmers will now be able to be successful upon their holdings, and the government and the railroads be in a position to encourage prospective settlers to take up unsold or unoccupied farm lands. In Great Britain, the United States and other countries, from which desirable immigration is ready to flow, a marked stimulus to land settlement will, without doubt, result from the introduction of the new policy as outlined.
